Our Credentials

LAWTONASIA was established in 1997 to provide comprehensive financial and insurance solutions for both individuals and companies.

We are independent, and so able to work with products and services from different organisations to put together top quality packages tailored to individual client needs.

Our professional staff comprises both Thai nationals and expatriates, who between them cover a wide range of specialised skills, ensuring the quality of knowledge and service our clients expect.

LAWTONASIA was one of the founding members of the Asia Pacific Independent Brokers Alliance.

In 2002 we also formed a strategic alliance with the European based Higgins Insurance and Investment Limited (a company of over thirty-five years standing), adding to the depth of our experience and the scope of our services.

Today, our professional products and personal service provide peace of mind for an ever-expanding client base.

Medical Insurance

IN SAFE HANDS,
WORLDWIDE

Experience has taught us that clients seek four vital ingredients from their global healthcare insurance: professionalism, flexibility, reliability, and cost-effectiveness.

To address these needs, we've developed our own exclusive medical insurance plan – Premier International Healthcare – specially for residents of Thailand.

Premier International Healthcare provides comprehensive international cover for both expatriates and Thai nationals alike.

It was put together by our highly qualified medical insurance team (who between them have over 30 years experience in the market) and is underwritten by Generali Worldwide, a member of the world's 5th largest insurance group.

Whatever your needs, personal or corporate, Premier International Healthcare offers you one of the most comprehensive, competitively priced products available today.

Community Commitment

SCORING GOALS FOR LIFE

We are proud to support the community in which we work.

By sponsoring local soccer leagues – which provide coaching for juniors – and offering sports scholarships to gifted individuals we both help develop community spirit and reward outstanding talent.

Our work in the local business community includes organising talks and special events in conjunction with Chambers of Commerce.

We are also regular contributors of magazine articles on topics of interest to both our clients and members of the community at large.

And of course, over the years we have given, and will continue to give, our support to local charities.

All our clients, be they individuals or corporations, are highly valued; and all are allocated an account management team to look after their interests.

This personal service includes advice and guidance, fast resolution of issues, and regular scheduled client visits throughout the year.

Being independent, our relationship with our insurance providers is also key to our customer service. Here again, close personal liaison ensures a virtually seamless service offering.
